Return on Equity vs Return on Capital

Adani Ports & Special Economic Zone Ltd | Industrials | FY 2024-03

ADANI PORTS | Nifty 100 Investment Tearsheet

Balance Sheet Composition (Rs Cr)

Latest-Year Cash Flow Waterfall (Rs Cr)

Pros

- Revenue growing at above 15% CAGR over 5 years reflects strong business momentum
- Very high interest coverage ratio reflects negligible financial stress from debt servicing
- Return on equity improving for 3 consecutive years shows strengthening business quality
- Revenue growing slower than profits shows improving operating leverage and scale benefits

Cons

- The company carries borrowings of 50485 cr, equal to 0.88x its equity capital

Capital Allocation: Shareholder Returns
